America IN Trouble A Land in Horrible Shape Jer 5:30,31

Wonderful=astonishing horrible=awful

An astonishing and awful thing is happening in America, in our state and in our city. This is the last days, the days of Lot, the days of Noah.

Prophets preach falsehoods

God changed mind about sin | Not required to repent before God, all sinned Rom 3:23, all must apologize | Not blood Eph 1:7 Rev 1:5 Heb 9:22 I Pt 1:18,19 | No hell | No judgment, every knee shall bow, atheist, ACLU | Jesus is not coming back

Priests make up the rules

Priests=religion Religion is making the rules, in control, world events center around religion, 911, terrorism, oil control by religion, final battle be fought in name of religion | Religion rotten, everybody has it | Child sac in Mexico, beat chains, bomb

Rules: Become affiliated with some religion | Be sincere in whatever you choose to believe and thus be accepted by whatever higher power you are aligned with | Be kind to others | All OK in moderation: lottery voted in by religion, gay marriage endorsed by religion, alcohol endorsed by religion, female ordination into ministry endorsed by most religion

People like it

People like it when prophets lie and priests make up the rules | There is a way that seemeth right unto man Prov 14:12 | Like being told falsehoods by prophets | Like freedom of religion | Like living with no restrictions | Like not having to walk righteously | Like religion's rules | Go church when want to, etc

What shall ye do in the end

Parents lose children to Satan, drugs, alcohol | Face God in judgment | Face torment of hell | *CHURCHES CLOSE*

I am not a prophet of gloom & doom.

I am not a naysayer.

I do not want to see America fall.

*However, I know enough to know what sin
CAN do to a people and their nation.*
