

*A Personal Lord*  
**Jesus Knows You and Has Time for You Mark 5**

Asked to depart Mark 5:17, 20. So He did. Gospel will find a place to be received...will go to the other side Mark 5:21.

Asked by Jairus to come help his daughter. In route, He finds one seeking Him. Few verses earlier He was asked to get away from us, now not one but two seeking Him. JESUS WILL BE WHERE HE IS WANTED.

Important Man- Jairus...Ruler of Synagogue

- Urgent plea...little girl at point of death. Get humble for our little ones.
- Great faith...come, touch, she shall live

And Jesus went with him vs 24 Jesus seems engaged, occupied with important man Jairus...ruler, religious, one this day "first in line" with his request to Jesus.

Have you ever felt Jesus is busy and has no time for you? Ever felt there were folk ahead of you more important? Old saying "bigger fish to fry"

Woman vs 25

**No name...**"certain" woman. Not Ruth, not Rachel, not Eve, not Sarah. God knows me by name. Met someone who says "I can't remember his name?" But no one say I can't remember my son's name.

See her referral in vs 25-33, but DAUGHTER vs 34!!

That what happened to me 4/11/65 CHILD OF GOD. I John 3:2!!!!

*No name, yet God had time for her.*

**No position...**not a ruler, not "mother of all living." Not Queen of any place. Not boss, CEO, Mayor, not Captain. Yet God had time for her. Just to think we are SEE I Pt 2:9

*No position, yet God had a place for her*

**No money...**spent all. Broke as a convict. Poor as Job's turkey. Likely, ruler of synagogue had a salary. Not her.

Money drives this world just as sure as I stand here.

Poor lady I know (Teresa E.) no money, no insurance. Finally, got charity clinic and had cancer stage 3, grim outlook.

We have insurance, but thank God for ASSURANCE.

*Money, yet God had time for her.*

**Her request no seem as urgent...**

"My little daughter at point of death" verse 23. Granted she is sick and getting sicker and "issue of blood" is flux of blood, likely hemorrhaging. Sick but not said she is "point of death" as little girl is.

I often need help from God, but I say to self "how can I ask God to heal me of whatever my ailment be when she has cancer, he MS, etc. I ought not be that way.

Since when did God keep a list of priorities and who is to say this is important to God and this less important and this is 2<sup>nd</sup> on His list and this is

My God numbers the hairs of my head, attends the funerals of sparrows. If you are a child of God your need is his priority.

Hospitals, Urgent Care, Critical Care, Intensive Care, then those in a room. NOT with God. *You and you and you and you are God's priority.*

### **Her life no seem as important...**

Who wouldn't put a little girl (12 years old vs 42) ahead of a grown woman.

-(George Dill)

-I have thought about my sons. They are just getting started in life, beautiful wives, one 2 beautiful children. My life far spent.

-Mommies and Daddies have been known to throw their children to safety in fire and lose their own life.

-War pictures we see moms, dads hover over children as bombs drop.

- In funerals I've heard moms and dads say "if this could just have been me."

But wait, Jesus would have come, suffered, and died FOR ONE SOUL. One soul more valuable than world---Mark 8:36

- Your life was so important HE gave HIS for YOURS.
