**Message #2 Forgetting how you got to Canaan<sup>^</sup>Chap 8**

Vs 1 God's desire "possess it." Does no want you defeated.

Vs 2 Two reasons for wilderness: (1) humble thee. How humble them? V  
2 1st them get hungry, then fed them. Humbling experience. Wore same  
40 years no swell feet. Humbling. We don't like hard times. I can  
..... about being humble and that I should be humble, but no better way  
than go through the experience. "Not bread alone" sound familiar? quoted  
by Lord in Mt 4:4 (2) prove thee... try, test thee, to see what in their heart.

Vs 7-9 Look what God has in store! This is what he wants for you in a  
spiritual sense. TREASURES! He wants you to mine brass, etc. He no  
want you bumming, hoboing.

Vs 15 Look what it was once like! Whow. Compare to vs 7-9.

**VS 17 THE GREAT FEAR OF THIS CHAPTER!!!!!!!** When we forget  
what **God** has done, then who gets the credit? **ME**  
**Gideons army 32000 to 300** Jdgs 7:2 "mine own hand hath saved me."

*Don't forget where he found me.*

David Psa 40:2

*-Don't forget times trapped against Red Sea*

Many are the trials of God's people. God gets us out.  
Death visits.

*-Don't forget times manna fell.*

I am confident I have had some manna... vs 3 manna you knew not nor  
your fathers. Supernatural.

Tight at our house. Meal-barrel sometimes see the bottom. Seen dad take  
offering and place on table Monday morning. Divvy up. Been in situations  
where dress wasn't up to the style. Driven cars that should have been  
d in.

Now look what God has done..... If someone told me...

We ought to be God's most humble people. We put cardboard in our  
shoes. We gathered polk salad. We wrapped in blankets. We felt the wind  
blow in round the windows. We gathered firewood and it no fire to look  
at. We parked our automobiles on a slope so we could roll them off to start

them. We wrestled the ground to have a garden to have food and got on our knees when drought would come and begged God for rain.

How can we ever lose sight that God got us where we are.  
How can we ever take credit and say it is by MY HAND?

●  
He built our houses.  
He dugged our wells.  
He planted our vineyards.  
He multiplied our flocks and herds.  
He made our silver and gold to multiply.
